HIGHLY IMPORTANT DISCOVERY.

Fousel's Pabulum Vitæ

Has now gained its position before the public as
THE ONLY REMEDY
yet discovered for the speedy relief and permanent cure of
CONSUMPTION,
Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints

The discovery of an eminent French Physician after many years of study and observation, it constantly meets with the most
ASTONISHING SUCCESS
in the treatment of the above complaints.

Its unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr C A Hayes, the State Assayer, all give surprising proofs of
THE UNRIVALLED VIRTUES
And Unqualified Superiority
of this preparation to any other remedy now extant, and are constantly contributing to give it a wider and more enviable reputation. From its volatile nature, it affords vapors freely, and consequently is DIRECT IN ITS ACTION UPON THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public, will tend to deter many from availing themselves of the benefits of this preparation, the agent, however, assures the public to all sincerity, that this medicine is not only *perfectly safe, and free from all other deleterious ingredients*, but guarantees that it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure
Consumption by using One to Six Bottles
Bronchitis by using One to Three Bottles
Coughs by using less than One Bottle;
Colds by using it Two to Six Days;
Bleeding of the Lungs by using less than One Bottle;
Hoarseness by using less than One Bottle;
Soreness of the Chest by using less than One Bottle;
Price $1 per bottle, accompanied by a Treatise
For sale by
J. LAFORME, Sole Agent,
No. 5 Milk Street,
Boston, Mass.

And by all respectable Druggists and Apothecaries in the United States and British Provinces. nov25 57 d1y1b

Scientific American.

PROSPECTUS.

Volume Fourteen.
BEGINS SEPTEMBER 11, 1858,

MECHANICS, INVENTORS, MANUFACTURERS AND FARMERS.

THE SCIENTIFIC AMERICAN has now reached its Fourteenth Year, and will enter upon a New Volume on the 11th of September. It is the only weekly publication of the kind now issued in this country, and it has a very extensive circulation in all the States of the Union. It is not, as some might suppose from its title, a dry, abstruse work on technical science, on the contrary, it so deals with the great events going on in the scientific, mechanical, and industrial worlds, as to please and instruct every one. If the Mechanic or Artisan wishes to know the best machine in use, or how to make any substance employed in his legitimate trade, the Scientific wishes to get a recipe for making a good ocoa, &c—if the inventor wishes to know what is going on in the way of improvements—if the Manufacturer wishes to keep posted with the times, and to employ the best facilities in his business—if the Man of Leisure and Study wishes to keep himself familiar with the progress made in the chemical laboratory, or in the construction of telegraphs, steamships, railroads, reapers, mowers, and a thousand other appliances, both of peace and war—all these desiderata can be found in the Scientific American, and *not elsewhere*. They are here presented in a reliable and interesting form, adapted to the comprehension of minds unlearned in the higher branches of science and art.

TERMS.—One Copy, One year, $2,00; One Copy, Six Months, $1, Five Copies, Six Months, $5, Ten Copies, Six Months, $8, Ten Copies, Twelve months, $16, Fifteen Copies, 12 Months $20 Twenty Copies, Twelve Months, $25, in advance.

Specimen copies sent gratuitously for inspection. Southern and Western money, or Post Office stamps taken for subscriptions. Letters should be directed to
MUNN & CO.,
128 Fulton Street, New York.

☞ Messrs Munn & Co. are extensively engaged in procuring patents for new inventions and will advise inventors, without charge, in regard to the novelty of their improvements aug23

RAIN—They polish your food.

PENOBSCOT CHEAP CASH
STOVE WAREHOUSE.
A. W. DEGROW & CO.,
No. 10 Central Street, Bangor,
(Two doors North of our Old Stand.)

WE HAVE recently secured several NEW PATTERNS of COOK, PARLOR-COOK, and PARLOR STOVES, which, together with our former extensive variety, make it one of the most desirable Stocks from which to make a selection to be found in this or any other market. We still continue to manufacture the

Railroad Cook Air-Tight,

The increasing demand for which is the best guarantee for its great excellent qualities as a Cook Stove. We have our Castings manufactured expressly for us, from our own patterns, and at such prices as will make it entirely to the advantage of those who buy for CASH to call on us before purchasing elsewhere, and satisfy themselves. We also manufacture a variety of

Pair and Fancy Air-Tight Stoves,

Sheet Iron and Tin Ware, Sheet Lead, Zinc and Copper Work and keep on hand an assortment of Enamelled Kettles, Basins and Fry Pans, also, French Pat'd Seamless Kettles, Wash Bowls, Stew Pans, Japanned and Britannia Ware, Chain and Cistern Pumps, Fire Frames, Cauldron Kettles, Furnace Boilers, Grates, Ash and Boiler Baths, Sad and Charcoal Irons, Fire Dogs, Cast Iron Sinks, Coal Hods, and a great variety of other articles usually kept in a stove store.

☞ Stoves and Tin Ware REPAIRED, and other JOB WORK done at short notice, by experienced workmen, at

THE HATCH HOUSE,
Main Street, Bangor, Maine.

THIS House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

SWAIM'S
Celebrated Panacea,
FOR THE CURE OF
INCIPIENT CONSUMPTION,

Scrofula, General Debility, White Swelling, Rheumatism, Diseases of the Liver and Skin, and all Diseases arising from Impurities of the Blood, and the effects of Mercury.

SWAIM'S PANACEA has been for more than thirty years celebrated in this country and in Europe for its extraordinary cures—for the certificates of which reference is made to the directions and books, (which may be had gratis) accompanying the Panacea.

It has been used in hospitals and private practice, and has had the singular fortune of being recommended by the most celebrated physicians and other eminent persons. Among others by
W. Gibson, M D., Prof of Surgery, Pa. Univ.
Valentine Mott, M D., Prof. of Surgery, New York University.
W. P. Dewees, M D., Prof. of Mid., Pa. Univ.
N. Chapman, M.D., Prof. of Physic, Pa. Univ.
T. Parke, M D., Prof. College Physicians, Phila.
Dr Del Valle, Professor of Medicine, Havana.
Jose Lorenzo de Los, Prof. of Surgery, Lisbon.
J. Chipman, Member Royal College Surgeons, London.
G W. Erving, late Minister to Spain.
Sir Thomas Pearson, Maj. Gen. British Army.
Gilbert Robertson, British Consul, &c., &c.
Besides a large number of Ministers of the Gospel, Members of Congress, Philanthropists, &c.

And also, the wonderful cures effected by Swaim's Panacea, have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation, it may be given to the most tender infant.

The reduced prices has been reduced to $1,50 per bottle, (containing three half pints,) or three bottles (or $4

BEWARE OF IMPOSITION

Swaim's Panacea is in round bottles, fluted longitudinally, with the following letters blown on the glass:

"SWAIM'S—PANACEA—PHILADA,"

and having the name of JAS SWAIM stamped on the sealing wax, and written on the label covering the cork, and a new label for the side of the bottle, composed of geometric lathe work, containing nine different dies which have been turned for the exclusive use of the proprietor, by Draper & Co., bank note engravers, of Phila. Four also of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea" are engraved conspicuously on two turned strips, and a large semi-circular circle forms the upper portion. The borders are composed of plain lathe work strips, outside of which is engraved, in small letters, the entry of the copyright. Also,

Swaim's Vermifuge,

A valuable Family Medicine, being a highly approved remedy for all diseases arising from debility of the digestive organs, such as Worms, Cholera Morbus, Dysentery, Fever and Ague, Bleeding Piles, Sick Headache, &c., &c. See the Pamphlet (which may be had gratis) accompanying the Vermifuge.

Prepared only at SWAIM'S LABORATORY, THE OLD STAND, Seventh Street, below Chesnut, Philadelphia, and sold by all the respectable druggists in the United States.

CAUTION TO THE PUBLIC

Persons wishing to obtain the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the name

SWAIM

is spelled correctly on the bottle and labels, or they may be imposed on by medicines made in imitation of them by a person bearing a somewhat similar name, well calculated to deceive.

☞ REMOVAL.

United States and Foreign
PATENT AGENCY.

SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXchange Street, Boston.

PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reissuable patents procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents.

U S Patent Office, Feb. 23, 1858.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with this Office, he has evinced in the most conspicuous manner with the Patent Law, and while he called up cases of the office, a close attention to the interests of his clients, and a talented candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him among the very best agents for the transaction of business with the office with whom I am acquainted.
CHARLES MASON, Commissioner

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest honor of character, of unquestioned knowledge in the business and practice of the office and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

Sparking, from the painting by F. W. Edwards,	50	9c

(For full schedule see our Catalogues.)

The United States Journal contains sixteen large folio pages, ably edited and profusely illustrated. Price only 50 cents a year.

Our Catalogue contains over 1,000 of the most useful, entertaining, and popular works of the day.

Any person sending us 50 cents or more, either for the *Journal* or for Books at the lowest prices, is entitled to the same amount in any of the premiums of his own selection from the schedule—He is also entitled to extra premiums amounting to $1, and extra Books or Journals amounting to $1 for every club of $10, thus receiving for $10 Books or Journals amounting to $11, and Premiums amounting to $11. The amount to prepay postage on the Premiums should accompany each order.

Every reader is invited to form a club and wish to arrange with some person at every Post Office to act as local agent and correspondent, who will be richly paid therefor.

Specimens and Catalogues sent free on application. Send on a few subscriptions at once, and select your premiums from the above, or when you receive the Catalogue.

"STOP THIEF!"

BY DAVID BARKER.

Stop thief!
Not only him who gets by theft
From banker's safe and trader man's shop
A fraction of his neighbor's store
For there are other thieves to stop

Stop thief!
He is a thief who holds the chip
To other's lips for pastry gain
Who eats a brother's crust of bread
And riches reason from his brain

Stop thief!
He is a thief whose robbed trade
Is in the rights our fathers won,
Whose gold is coined, whose breads made
From sundered heart-strings of the slave

Stop thief!
He is a thief—the pampered priest
Who with God's chart and compass stands
But runs your freighted bark at last
On moral rocks or mental sand

Stop thief!
He is the prince of thieves and lies
And lords it ——— the Natural Name,
Whose lying lips and slanderous tongue
Can rob another of a name

BANGOR, Maine

Mr Longfellow took the precaution to get some verses in his volume of poems written by an Englishman which gives it a copyright, and prevents the pirates from cheap publishers.

A lady in Mississippi sued a young man for damages to the amount of $10,000 for breach of promise of marriage; but the jury being married men, gave a local paper, returned a verdict for only $10.

An experiment fellow wants to know if you ever eat down to tea where skimmed milk was on the table, without being asked, "do you take cream."

The most simple thrashing machine has yet been invented, is a piece of rattan.

Snow, to the depth of nine inches, fell in Ashtabula county, Ohio, on Thursday night last.

The Frigate's Tender.

(CONCLUDED.)

The lieutenant, astounded, thanks urged John Bull, came on deck and for the night at the strategy which was about to escape distant.

"It is a lumber scow, but we will bring her to if she dares venture out, for we may get some fresh provisions and vegetables from her, if nothing more."

"Shall I put her on the other tack, inquired the middy.

"Not yet. Keep on as we are, till the sloop gets on effing. If we run for her now, she will take refuge in the harbor, and leave the lieutenant.

The sloop stood out for half an hour, and then hauling her wind, bore down along the land. The tender delayed because the wind had got too far from the herb to get back again, and then putting about to her so as to cut her off. The sloop seemed to take alarm, and putting about, bore away the best of her way in the harbor's mouth.—Lieutenant of the speed of the vessel, the English lieutenant felt sure that the sloop was already his and redoubled his efforts to get away.

At length they came near enough to see that her decks were covered with country.

"A rare haul, we shall make this our prize," said the middy. "Enough to last us for the whole crew, to say nothing of the turkey and roast pig in the cabin."

"What a cheat of a shrewd Yankee skipper she has at the helm. Mark how all the steamboat crew and the passengers, including—they look frightened out of their senses as they begin to think they are going right slap ahoy!"

"What we want," came across the water in the rough, hearty Yankee tone.

"I would you to know I'm Jonathan Old Putter on, and I'm in a hurry, so you'd better not, that's all. I'm in a mighty hurry, I was I'm sorry."

"Frank, address the officer, and tell him to heave to, and if he don't do it, why, we must draw it, and if he has the strength will hit you. Let the sloop sail, for I'm determined to be the first of her. I shall curse your blunders, and if you do let go, but don't mind me, keep up with the jibsheet hand to the wind. Load! Leave the rest to me. Now mind that expedition, for such the case, union wins. Take a good grasp of your cutlasses and pistols. When I stamp my foot on the deck down with the blade, throw off the hatches, leap on deck and follow me."

"Heave to or I sink you!" We all of you pilfering abolitionists should be hung at once!"

Well don't be too free with your powder and I will. Aminadab, let go that jib sheet."

"Yes, I will, a sacredly in your service,—and with a heave well be began to draw it to the windward at the same moment as the American officer put the helm hard up and the sloop rapidly paid off right down on the tender.

"Let go that jib-sheet, shouted the English officer!

"Yes, Aminadab, you have fooled me, but I can't help it. Don't you see we are coming right aboard the captain's vessel."

But Aminadab pulled the jib sheet, and let fly the sheet aboard belaying pin.

The English officer was about to put out a volley of oaths when seeing that the sloop was certainly in collision with him, he turned to give orders for the protection of his own vessel, but ere he could utter them the sloop's bow struck her near the fore rigging, and they both swung round, stern with stern. At the same instant, the American officer stamped on the deck, and forty men made their appearance from the hatches, forecastle and cabin, and leaped after Percival upon the tender's deck.

The Englishman, taken by surprise, surrendered without scarcely striking a blow, and getting his vessels under sail in the very sight of the frigate, the gallant young captain sailed with his prize back into harbor, and safely anchored her off the Battery, after an absence of six hours and twenty seven minutes.

This exploit is doubtless one of the boldest and most spirited affairs that came off during the war, and the account given above is a faithful narrative of the transaction.

COST OF A SEAT IN PARLIAMENT. It is indeed, says the Times London correspondent, no slight matter, this of fighting one's way up to the unpaid seats of the English Parliament. Mr Thackeray, for instance, told me that his unsuccessful contest for the comparatively

NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

small borough of Oxford, cost him over £1000 sterling, one item of wheels, for the king of rabs and five, amounted to £178, or nearly $900. The county contained one, of course, much more costly. One friend of mine who stood three in succession for a county supremacy, principally losing the first and winning the second seat, spent upon the two more than £19,000 or $90,000.

The Union appears greatly distressed at our article of Saturday, in relation to the Aroostook railroad, and the settlement of the Aroostook valley. We are disposed to be quite modest in our estimation of the value of our opinions; and are not at all censorious of them when we see any good reason for supposing we may be in error—our sincere and paramount wish being by facts and sound arguments, to arouse the whole State to a just sense of its vast importance of the early and rapid settlement of that still wilderness country, and the absolute necessity to that end which exists for the construction of a railroad to connect that country with the other portions of the State and with our industrial interests—But we have seen no reason, in any remarks which the Union has made, to change our opinion as to the necessity which exists for the construction of such a railway, to prevent the benefit of the settlements from accruing to New Brunswick instead of to Maine.

And we shall continue to labor for the end indicated,—believing its accomplishment indispensable to the best prosperity of Aroostook, and also of Bangor, the Penobscot valley and the whole State.

If the Union is disposed to act the part of a fault-finder—to take exceptions, and cavil at any and every appeal which may be made, or every plan which may be brought forward, we cannot help it. The *people* of this city and valley, without distinction of party,—both Democrats and Republicans,—would be happy of the aid of the Union in promoting these great objects—but they are not afraid of its opposition, nor the opposition of those who control its columns.

It has been a long time since the agitation of a railroad to the Aroostook commenced, and it has now become a question which is agitating the public mind throughout the State.—Has the Union any opinion on this question? If it has, is it willing to express it manfully and openly, or does it wish to conceal its views for the present, and content itself with merely opposing or criticising the views of others?—We put the question: Are you in favor of a railroad to the Aroostook?—and are you in favor of the State affording such aid as may be indispensable to the construction of it? Will the Union answer?

The Wisconsin Election. The later reports from the October elections, instead of detracting at all from the glorious victories achieved by the opposition, even increase the brilliancy of those achievements.

There are really but two administration men left in the Pennsylvania delegation; while nineteen Republicans, (instead of ten in the present Congress) are now reported to be elected. And on the State ticket the American-Republican majority (without the aid of the Douglas men) is over TWENTY-FIVE THOUSAND. American-Republican gain from last year over SIXTY-FIVE THOUSAND.

The following is a list of Lecompton Democrats left at home:

District	Distr ct.
3d James Landy	11th Wm L Dewart
4th H M Phillips	15th Alfaeus White
5th Owen Jones	17th Wilson Reilly
8th J Glancy Jones	26th James L Gillis.

It is clear that these are all defeated. In addition to them, John P. Ahl, of the 16th district, and Paul Leidy, of the 12th, failed to get nominations. So that really no of the twelve members of the present Congress, who voted for Lecompton, have had leave to stay at home. Messrs Florence and Dimmick are the only two re-elected, and their majorities are greatly reduced.

Ohio, too, stands better than or ginally reported. The reports, at the present writing, are of the election of nineteen Republicans and opposition members to five Democratic. On the State ticket, Republican majorities are thus far reported in 50 counties to 22 Democratic, and of the popular vote, the Republicans will have 22,000 majority instead of 10,000 to 15,000, as at first reported. Republican gain since last year, at least TWENTY THOUSAND.

The Contest in Illinois. The Boston Journal gives the following extract from a business letter written by a subscriber in Illinois. It is dated at Galesburg, Oct. 15;

"Our cause is prospering, and the friends of Republicanism and free speech are every day more confident of ultimate success. The great debate between honest "Abe" and "The Little Giant," which took place here on the 7th inst., was a complete success for Lincoln. If the people had not previously been acquainted with Douglas' malignity and spitefulness, they would have been satisfied on that occasion.—In his rage at Lincoln, who appeared perfectly cool and self-possessed throughout, he frothed at the mouth excessively, and applied several very hard epithets to his opponent. There were some eighteen thousand persons present at the discussion."

[From the Ba'timore Sun.]

Prize Fighting.

The question may well be asked, this is a question worthy, and it goes by. There is any thing to look at in the 19th century. In view of the rise of the steam, materials such as with 3,000 people were treated a few days since on the shores of Lake Erie, the case may well be suggested whether we are not getting back, spite ourselves, to the dark and upwards. Are we bound for the higher and more spiritual state, or are we going back beyond the bull-fights of old Spain to the gladiatorial shows of Heathen Rome? Think, in these days of refinement, when christian efforts are being made to evangelize the Congoese and the Kaffirs, when the dark plains of the south are being sought out to dart into them a few rays of the better light, think of two brutes in human form being put upon a course of treatment to prepare them to gouge out each others eyes and in better and disfigure each other's faces for the amusement of a crowd and to decide a wager?—and all this with a

"Sound of the church going bell."

The Electric Telegraph—the "highway of thought," a present used to the transmission of scandalous messages to the Associated Press," detailing all the disgusting particulars of these brutal encounters. What conductor of a decent paper wishes to demean himself so with a species of trash disgraceful to the Five Points? And if publishers will tolerate the nuisance what parent is willing to lay such details before his children? It is a prostitution of the Telegraph and of the Press to this basest purposes, and it allowed will result in the prostitution of public opinion, and the violation of the moral sentiments of the young, upon which all the hopes of the reformer, the philanthropist and the patriot can rest.

[From the N. Y. Express.]

What a grand sarcasm it all is, to be sure, upon our boasted refinement, this beastly encounter between two brutes in human form, and the universal lightening of all the clergy of society, of which it has been the occasion! These two men have for weeks and weeks past, been fed and fostered like bull-dogs, for the special purpose of acquiring muscle and might, to batter and bruise with diabolical deliberation, if not to murder, one another, while God's glorious sun is shining over their heads, and before the vision of many hundreds of spectators, some of whom have travelled thousands and thousands of miles to be present, while others have spent, probably, three times more money to double them "to see the end," than all the collections in our churches for religious, charitable and philanthropic purposes, would amount to on a Sunday, if put together.

[From the New York Sun.]

It is easy to moralize on the brutal character of prize fights. It is not hard to express our abhorrence of a "pressing match," such as is reported in our columns this morning; but it is a difficult matter to make the class of our populations who encourage and take interest in pugilistic displays, to feel the shame and the degradation which attaches to these inhuman and demoralizing exhibitions. In spite of the advance of education,—in the more general diffusion of intelligence among the people—there is still a large class, in every civilized community, who admire the bully and the prize-fighter.

Their notions of manhood are of a low and vulgar character. They glory in setting law and public opinion at defiance. Their interests, their tastes, and their habits make them the pests of society, and lead them into every vice which is repulsive to the minds of the virtuous and enlightened. They are the patrons of the vilest haunts, and their example and influence draw hundreds of the young into evil courses, which end in ruin or disgrace. They constitute a barbarism in the midst of civilization, and bring reproach upon our free institutions.

No man of right feeling can take pleasure in a ring fight. A man, must has the feelings of a man, can look with satisfaction on the bruised and disfigured countenances of two fellow-beings who, without any good cause of quarrel, have spent months in training for a savage display of physical strength. Fighting is not a pretty—for the sport of a heartless rabble—by, of all exhibitions, the most disgusting to every right-minded person. The absence of such exhibitions should be punished with severity. They are destructive of the peace, enemies to good morals, and corruptors of the people. We trust, therefore, that the law will be put in force against those who have aided and abetted in the late prize fight; and if the present laws are not stringent enough to meet such cases, let them be made so, and if public opinion imperatively demand their enforcement.

And yet the New York papers, the Sun included, could pander to the vile instincts of these "beats to society," and give respectability to their bloody deeds, by sending reporters hundreds of miles, and parading the full details before the public eye—honoring these prize fighters by publishing regular and minute bulletins of their brutal proceedings. In common with other papers, (some of which, like the New York Tribune, we are astonished to see thus pandering to the brutal tastes of the mob,) the Sun thinks the prize fighters such such distinguished consideration, and makes their doings of so much public moment that they will be certain to repeat their atrocities at the first opportunity—and meantime give public taste in our great cities is debauched by the eager attention which the public press thus pays to the doings of the brutes. Is the press doing its duty to society, by parading such details before the rising generation, as matters of great public interest and importance—and thus giving to our boys and young men brutal tastes and low inclinations?

Washington Rumors. *Nicaraguan Emigration—The Tariff.* A despatch from Washington states that Gen. Walker and Mr. Soule have a new scheme on foot for settling emigrants in Nicaragua. Societies, on the plan of the New England Emigrant Societies, have been formed in the South, and several bodies of emigrants will depart from Southern ports early in November.

The Tribune's correspondent says the Administration have not definately settled upon any tariff policy. Secretary Cobb insists the principle of pre emption, but efforts are making for a compromise to this effect, Congress to pass a law authorizing the Secretary of the Treasury to raise the duties on certain specific schedules, as may be determined, provided the tariff of 1857 does not afford sufficient revenue within two years.

Washington Irving is seventy-eight years old. Paulding, who announced his literary career with Irving, is co-editor of Salmagundi, is eighty-one years old.

Very Suspicious.—In a gay circle in the Fenbourg St Honore, they were complimenting the beautiful Duchess de ——— on the appropriateness and appearance of one of her additions a house in her box.

"Say nothing of it to my husband," she replied, "it is a nice little surprise I am preparing for him!"

Know Ourselves. The Chinese Empire affords famish another point of the very first importance to the Colonist supplies a new and early Christian century, the Canadian era, the Chinese researches on the Western shores of America. The hieroglyphics of the Ancient Mexicans, also afford illustrations of Buddhistic religious ceremonies, doubtless learned from the Chinese Missionaries. In addition to these, the Philadelphia Bulletin, speaking of the Century Plant, relates the following strange and interesting facts:

"But there is a still more curious circumstance connected with this plant, though of a historical and not of a botanical nature, and one very little known to the great multitude even of scholars. It is the great link and the surest guarantee in existence, that long before Columbus, in the 15th century, A. D., there was intercourse between Asia and America.—It is not many years since Charles Newman, a celebrated German Orientalist, discovered, while in China, among the ancient but perfectly authentic Vast Books or annals of the Empire, records of Embassies sent to countries in the East, which, from the descriptions were most evidently California and Mexico.—What established the fact, was the description of the great flowering aloe, by Buddhist monks sent from time to time to the missions to Mexico They called the plant *Fusang*, and named the country after it. Its appearance and various uses were so accurately set forth to leave room for doubt that the mission in question took place.

Hon J. Glancy Jones, the best whipped man in the country, has accepted the appointment of Minister to Austria, which the President offered him in such hot haste after the news from Pennsylvania reached the White House. The Union remarks that the appointment was "eminently fit to be made." We are glad to know what the Administration deems official fitness. What majority against a Lecompton Democrat would entitle him to be Minister to England? What to the Ministry to France? Let us have the official scale, Mr Buchanan. Let us have it before the November elections.—*Tribune.*

In Mexico everybody is supposed to be an ex-President who wears a clean shirt and keeps his hands washed.

The Boston Courier copies—and we may consider it as pure authority—the following definition of a Straight Whig:

"Straight Whigs are those who take their liquor regularly and vote the Democratic ticket occasionally."

A Waterspout at Sea. Captain Semilius Rooke, of the schooner Susan Canon, just arrived at New York from Brazil, furnishes the following account of a waterspout which passed close to his vessel on the 2d of August:

"On the outward passage, August 2, lat. 27 deg. 6 min. N., long. 59 deg. 56 min. W. a heavy squall came down upon us from south south west, in the midst of which there was a large waterspout forming. I endeavored to avoid it; by keeping away, but finding it would come down on me despite all my endeavors, I stuffed up and hove-to, away my sails. I had just time to get them down and secured, when it came down upon us, creating a terrific commotion upon the surface of the water. It passed scarcely forty yards astern of us. The wind for a few minutes was very violent, and apparently from almost every point of the compass. In the vortex the water seemed to form a huge cone, whirling very rapidly with the sun—that is, the same as the hands of a watch. Above the point of the cone, as well as I could see, there appeared to be a hollow cylinder—if I may be permitted to use the expression—formed by the vapor of the clouds, or else rain. This cylinder was very singularly acted upon, for besides its rapid rotary motion, it was being swayed in various directions, reminding me forcibly of the swaying of an inflated balloon, before being released from *terra firma*. On the surface of the ocean the water seemed to flowed outside the cone, and was all in great commotion, being seethy with foam. The barometer at the time stood 30.05, and was not the least affected—The thermometer (air) a few minutes before was at 88 deg., but after the waterspout passed it fell to 77 deg. The waterspout was about ten or twelve feet in diameter at its base, and gradual y increased as it rose to the clouds, which were remarkably low. There was but a slight shower of rain. The edge of the cone was plainly visible a little distance from the waterspout, and apparently there was a great deal of wind with it, for the water was all "feather white." Shortly after it crossed our stern the cloud overhead broke, the cone then suddenly disappeared, but such a commotion of the waters as was then created would have satisfied the heart of the most ardent juvenile admirer of "rollers," a series of rollers about eight feet high, radiating out from the spot whence it broke. Not an hour after this scene broke it was entirely calm. It had been calm previously. Taken altogether, it was a grand, though terrific manifestation of the Almighty; but I assure you my near proximity to it did not at all enhance the enjoyment of the sight presented. I think this is the nearest any vessel has ever been to one of these wonderful phenomena of nature without receiving damage.

Too Appropriate.—A good story was told me lately, of a popular preacher in the town of H——, in Pennsylvania, which we shall take the liberty of reproducing. It appears the minister had been wedded to a most worthy lady, whose first gift was a dowry of ten thousand dollars, with the promise of as much more on the decease of her fivefold parent.—Shortly after marriage, while occupying the pulpit, he chanced to give out a hymn, the fifth verse of which commenced—

"Forever let my grateful heart"

His words paused—he coughed slightly—then adding: "The choir will omit the fifth verse," sat down with something like nervous haste. With curiosity excited at this conduct of their minister, the congregation smiled anon as they read:—

"Forever let my grateful heart
His boundless grace adore,
Which gives a THOUSAND blessings now,
And hopes AN HOPE FOR MORE."

Preserved the Union." Mr. Buchanan declares his intention to "preserve the unity of the democratic party, cost what it may." In Vermont he has retained the party to one-denominational Senator, and in Pennsylvania he has but one (uncertain d) Congressman. He has made "the party a unit." Literally, in both these States.—*Albany Journal.*

Early Ravages of the Wolves. The St. Croix Herald says that within a week or two past the wolves have been committing fearful ravages in various parts of Washington County. On Wednesday night of last week, Mr. Gilman of Meddybemps, had seven sheep destroyed by them, and several of his neighbors have also suffered losses in the same way.—The destruction is not confined to sheep alone, but dairy per other animals fall a prey to the merciless depredations of wolves and bears.

LOCAL AND MAINE NEWS.

The Missions to Leave. Messrs this week and next will close their annual Street Vestry, from 3 to 4 o'clock P. M.

Missionary Meeting To-day.—The annual meeting of the Penobscot Missionary Association will take place at the vestry of the First Parish Church in this city, to-day at 10 o'clock A. M. The annual sermon will be preached by Rev. David Thurston in the evening.

This Society is auxiliary to the American Missionary Association which occupies important missionary fields in Africa, the West Indies, the Sandwich Islands, the Canadas, Siam, Egypt, and the Marquesas Islands. It also supports 95 missionaries in various portions of our own land.

It is sustained by the various evangelical denominations. It bears its testimony wherever its missionaries go, against the sin of slavery, as it does against intemperance and other vices.

It is hoped the friends of missions will attend the meetings to day and this evening.

The Levee this Evening. We trust our citizens will attend in good number the social meeting which is announced to take place this (Tuesday) evening, at the Columbian Street Free Church, for the benefit of that church.—We have no other free place of worship in the city, and there are consequently many people in straitened circumstances who often attend the preaching of the gospel, and to whom the opening of that place of worship was a benefit and a blessing. It will be seen, therefore, that the sustaining of public worship in the Columbian Street Church falls mainly upon a small portion of the congregation, and that they pay for that purpose full as much as their means will allow. The object of the meeting this evening is to aid in paying a balance of debt which remains for the construction of the house, and which, (the members having subscribed quite up to their ability) is not large in amount. Will our people aid in the matter?

Mons Bundlant. The clothing store of Mr. W. A. Dresser, on Exchange Street was burglariously entered on Sunday night. The robber gaining admittance by breaking one of the large front windows. The amount of clothing taken, so far as ascertained, was small—apparently such as simply to meet the operator's wants for the season.

Nancy McCugh, who was burned so badly on Wednesday evening, died on Sunday morning. Every attention was paid to her, but her injuries were too severe to be reached by remedies.

The City of St. John, and the St John Basin—The Effect of a Railroad to Bangor. In the official correspondence of the "State of Maine" we find the following facts and speculations, which are not without their significance, in view of future railroad movements:

"St John city has made substantial progress since our first visit in 1852, notwithstanding the depressed condition of shipping and the lumber trade. It contained in 1851 22,745 inhabitants, and including Carleton, on the west bank of the St. John, had about 30,000. The population of the County in 1851 was 38,476. It is now estimated at 50,000. In 1852, there were floated down the St. John River, (the following quantities of Lumber:

White Pine Timber,	100,000 tons.
Hackmetack,	10,000 tons.
White Pine Logs,	50,000,000 feet,
Spruce Logs,	20 000 000 "
Pine Boards,	50,000,000 "
Shingles,	16,000,000.
Clapboards,	5,000,000

"The whole valued at $1,945,000. There were 218 Saw Mills at and above St. John city. The years 1852 and 1853 were the best for lumbering purposes. The commerce of St. John was the greatest in 1853. The total value of goods imported into St. John during that year, was, according to the Custom House returns, £1,381,838. Of this amount, £868,185 came from Great Britain, and £310 931 from the United States. As the goods are generally entered at their original cost, and much below the value in New Brunswick, it is probable that the real value of the goods imported into St. John in 1853 was £2 000,000, or $8,600,000.

"In the autumn of 1853, we saw 25 large ships on the stocks, varying in size from 800 to 2000 tons burthen. In 1852, St. John built 72 vessels making 37 607 tons; in 1852, 57 vessels, 45,123 tons; in 1853 a still larger amount, but we cannot lay our hand on the figures. Since 1853, the experience of the business men of St John, has been similar to that of Bangor, and the other lumber districts of Maine.

"St. John has been built up by the trade of that region known as the basin of the river St John. That region contains over 17 000,000 of acres, or rising 26,000 square miles of territory, of which 9,000,000 acres are in New Brunswick, 2,000,000 in Canada, and 6,000,000 of acres, or over 9,000 square miles of that territory is Maine, and by far the finest valuable portion of it, also. The soil is better, the timber of better quality, and the streams far easier to drive. In point of fact, the territory, larger than the entire State of Massachusetts,—which contains only 7,800 square miles, or 4,912,000 acres of territory, naturally belongs to New Brunswick. The treaty of 1783, which in terms gave us this territory, was made in entire ignorance of the geography of that region. The American Commissioners in 1783, urged that the St John river should be the boundary line, but the British Commissioners objected, claiming the entire St. John basin, thinking the words of the Treaty would give it. The Americans consented to the St. Croix as the boundary. Nothing could be plainer, in point of fact, than this, that by the words of the Treaty of 1783, the entire basin of the St. John, above the point where the due north line strikes it, belonging to Maine, but it is equally obvious, that the Treaty was made in ignorance of the facts, and in the belief that the Basin of the St. John was given up to the British.

"Since the Treaty of Washington in 1842,

this region has made considerable progress, but has only recently that its business relations have been materially modernized. The river St. John is its natural outlet, as was the Mississippi that of its own vast basin. The Erie Canal first tapped that basin, and railways have since taken the trade of its upper portion to the Atlantic cities, which must have otherwise gone to New Orleans.

"Badger can with equal success, tap the St John basin by a railway, and take the trade of three-fourths of the region to the Penobscot. A line of railway from Bangor to Presque Isle, with a branch to the St. John as Woodstock, would do this, and cause the immediate settlement of the country. A half mill off of people would soon occupy this territory."

Incendiarism at Freeport Portland. We learn from the Argus that on Saturday night, the house of Capt Sam'l P. Gerrish, in Congress St., was set on fire; and that while the engines were extinguishing the flames, a new and unoccupied house on Mountjoy, owned by James A. Richardson, was set on fire and nearly consumed. And in two or three hours thereafter, a workshop on Back Cove, in Kelley's ship-yard, was also burned by the incendiaries.

Mr John B. Hayes, of Brewer, who went to Kansas some time ago, arrived here yesterday, on his return home, in a feeble state of health in consequence of the debilitating effects of fever and ague.

The counsel of Captain Holmes asked an order from the court for the commitment of the prisoner to the jail in Wiscasset, until the ultimate decision of the court in his case. This motion was made in order that the aged father of the prisoner might be better able to visit him. Judge Clifford remarked that as he knew nothing about the security of the jail at Wiscasset, and did know that the jail at Auburn is a comfortable and well secured building, he should commit him to the latter for the present.

Hon. Hannibal Hamlin has accepted an invitation to speak at a political mass meeting at Dedham, Massachusetts, this evening.

Clerical. We learn that Rev. James Pratt has accepted the call extended to him by the Church in Philadelphia, over which the late Rev. Dudley A. Tyng was the Rector, and that Mr Pratt has sent in his resignation of the Rectorship of St. Stephen's Church, in this city.—*Argus.*

Railroad Accident. The Calais Advertiser of last week says that two men were killed and two others had their legs broken or cut off by an accident on the St. Andrews Railroad. One of the men killed is named Phinney Clendinen. The other was named Scott, and belonged in St Stephen or vicinity. The men who had their legs broken are said to belong in Boston.

[The St Croix Herald says the accident happened by collision of a gravel train with an engine—and that one of the persons killed was Mr —— Sullivan, of Bangor.]

Marine Casualties. Ship Geo Marshall, (of Richmond, Me.) Cooper, from Rangoon for Calcutta, got ashore at Sand Heads previous to Aug 20, and was abandoned. No further particulars. [The Geo Marshall was 570 tons, built in Richmond in 1855.]

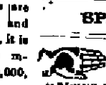
Sch Massachusetts, of and for Rockland, before reported damaged by collision with sch Belle, of Tremont, off White Head, was from Boston, and arrived at Rockland about 11th inst.

The Hallowell Gazette "learns that several stores in that city were burglariously entered one or two nights of the present week, and small sums abstracted from the money drawers where there happened to be change laying round loose."

We are informed that Hon John Appleton recently invested some 48 000 or $10,000 in stocks and other property while in Portland. Mr. A. was reputed poor when he went to Washington, where his salary is $3000 per annum.—*Bath Times*

Fire. The basement of the Second House, Sixth was discovered to be on fire early Wednesday morning. The alarm was given and the engine companies being on hand promptly, extinguished the fire before it had done much damage.—*Biddeford Union.*

SPECIAL NOTICES.



"Rising Virtue Lodge" No. 10, meets this (Tuesday) evening. Lodge opens at 7½ o'clock. A full attendance of the brethren is requested. Per order. Oct. 28.

Madame L. ZIMMERMANN,

Assessors' Notice.

The undersigned will be in session at their office, in the City Hall, EVERY MONDAY, at 2 o'clock P. M., until December next, for the purpose of correcting errors in the valuation,

J. S. CHADWICK,
G. A. THAXTER,
CYRUS PERRY,
Assessors for the City of Bangor.

DR. F. P. QUIMBY,

After a temporary absence, has returned to Bangor, and may be found at his Room, No. 92 Hatch House, to attend those desiring his service.

☞ Those calling upon the Doctor should understand that he can form no reliable opinion except by an examination of the case, and the examination in describing the feelings of the patient and declaring the disease. Price for consultation with friends is of no value, and only expended time, which is valuable. sept24

DR. STRICKLAND,
Dental Surgeon,
HAS REMOVED
To his newly furnished Rooms, 24 Main-st, two doors above his former office.

The Splendid New Clipper Ship

'GOLDEN ROCKET,'

Charles N. Pendleton, Master,

Will sail from BOSTON for SAN FRANCISCO some time in November,

When there will be printed notices (forwarded to all her passengers, at least twelve days previous, giving the day and hour of her sailing. A limited number of passengers will be taken in the main cabin at $100; a few more can be accommodated with state rooms, if desired. The fare on board the ship will be the same for all. Those wishing to avail themselves of the best opportunity ever before offered to go to California, must make an early application, as the main cabin is between decks, which will be filled with freight unless previously engaged for passengers. There will be one or more Physicians on board.

Capt. Pendleton is extensively known to be a man of strict temperance principles, of long experience and sterling ability as a ship master, and one in whom all who should place themselves under his care, could feel, at all times, full confidence.

For Freight or Passage please make an early application at Dole & Dunning's Office, in Bangor, or at Holmes & Wells & Co's, No 125 State Street, Boston. DOLE & DUNNING.

NEWSPAPERARCHIVE®

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

From Washington.

Washington, 25th.

The State Department has neither received officially nor written anything recently concerning Walker's movements. The orders, however, heretofore issued to Federal officers for the prevention of the violation of the neutrality laws remain in full force.

Hon. J. Glancy Jones leaves for Austria in November. By his retirey from Congress Mr. Phelps of Mo., a Free Trade Democrat, is first on the list of the Committee of Ways and Means, and if parliamentary usage be followed, will be its chairman at the next session.

From New York.

New York, 24th.

The tide rose to an unusual height this morning, inundating a large number of cellars in South, Front, West and Broad Streets, and damaging merchandize to a considerable extent. Large quantities of flour on the piers were also damaged. No harm done to the shipping.

Illegal Arrests—Great Excitement.

Louisville, 23th.

Horace Bell, who rescued his father and brother from Bradensburg jail last July, committed on the charge of running off negroes, was taken on Saturday, from the fair grounds at New Albany, Ind., without a warrant, and brought into Kentucky by Louisville officers. The New Albanians became tremendously excited. The fire bells were rung, and a large meeting was held on Saturday evening. A hundred people have chartered the ferry boat Empire, and talk of going to Bradensburg today to rescue Bell.

An express has been sent from Louisville to Bradenburg, to place the citizens on their guard against the hostile expedition.

Gov. Willard of Indiana has promised a requisition on the Gov. of Kentucky for the men who captured Bell.

A meeting has been called here to denounce the proceedings of the officers in capturing Bell.

New York Markets.

New York, Oct. 25.

Flour, State and Western without material change—unsound 3,00 a 3,95; Superfine State 4,25 a 4 35; extra State 4,50 a 4,70; round hoop Ohio 5,25 a 5,40; common to good extra Western 4,45 a 5,00. Southern heavy—mixed to good 5,00 a 6,40; fancy and extra 5,50 a 7,50. Canada—Superfine nominal; extra 4,80 a 6,00.

Wheat more steady—Milwaukie club, wanted, 80c; Western red 1,04 a 1,05; Southern nominal, strictly prime, 1,20.

Corn lower—mixed Western 63 a 66; white 69.

Oats steady—Southern and Jersey 38 a 42; Northern and Western 44 a 49.

Beef unchanged—repacked Chicago 11,00 a 12,00.

Pork firm—Mess 16,50 a 17,00; prime 14,12 a 14,50.

Lard unchanged—Porto Rico 6¾ a 7¾; Mississippi 6 a 7.

Coffee quiet—11io 10.

Molasses dull and unchanged.

The Boston correspondent of the New York Post says that Rep. Theodore Parker has been sick in bed for several weeks, and great apprehensions are felt for his recovery, especially as he has lost several sisters and brothers by consumption about his time of life.

☞No Cumbersome, Burning Fluid, Matches, or other extra hazardous freight taken.

J. O. KENDRICK, Agent, Bangor.

Bangor, April 16, 1856.

P. K.

Messrs. P. DAVIS & SON. Gents—Before I left Mexico and Matamoras had found out the value of your Pain Killer, and I could readily have disposed of a large quantity of it among them. It seems particularly efficacious in cholera morbus, bowel complaints, and other diseases to which the natives of Burmah, from their unaccountable style of living are peculiarly exposed. It is a valuable antidote to the poison of Centipedes, Scorpions, and in both cases caused the most excruciating pain and speedily prevented the swelling by applying the Pain Killer. On our voyage homeward from India the cup boy of the ship was taken with vomiting and purging and other symptoms of the cholera. I gave him a good dose of Pain Killer with the most immediate and happy results. No future and speedy was the relief that he assured me he would never again go on a voyage without your excellent medicine, if he could possibly procure it.

Respectfully yours,

Rev. J. BENJAMIN, Late Missionary to Burmah.

Sold by Druggists, Grocers and Market to Dealers everywhere

Hitchcock's Combination Suction and Force Pump!

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for durability, &c. You can draw water from a deep well and force it to any part of your building—in the same time, in less of fire or any other exigency. You can have it with or without the forcing part. Any person, with a jack-knife can do all the repairing that it will need for twenty years, as it will not get out or order and is not liable to freeze up like other Pumps. It has received the first premiums at four State fairs, and numerous county fairs.

It may be examined at the Tin Shop of Albert Noyes, Central Street, Bangor, where I shall remain for a few weeks. Town rights for sale.

Botanic Medical Office.

To the Afflicted.

DR. W. F. PADELFORD, Office at *No. 1 Lovell's Block*, Main Street, Bangor, may be consulted on all diseases incident to the Human Frame. Dr. P. gives particular attention to diseases of the Urinary Organs, and all diseases of a private nature in both sexes. His great success in those long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy the extensive patronage he has received, therefore persons afflicted with Diseases of the above nature, no matter how difficult or long standing the case may be, would do well to call on Dr. Padelford at his office, and if not effectual, no relieved no remuneration will be required for his services. Rooms adapted for the privacy of patients. The poor advised free of charge. Physicians or patients wishing his opinion or advice, by letter, and enclosing the usual fee, $1,00, will be answered by return mail. Dr. W. F. PADELFORD.

Oct. 17, 1858

DR. CUTTER'S IMPROVED Ghost Expanding SKIRT SUSPENDERS!

THESE are for the purpose not only of expanding the chest and improving the figure, but also for carrying the whole weight of the skirts. It is well known that nervous diseases and weaknesses are brought on by the foolish fashion prevalent among ladies of wearing the whole weight of their skirts about their hips. With this article any number of skirts may be worn without injury to the health; they in fact embrace all the advantages of the clay and corset, without any of their evils.

Parents, look to your Children!

These Braces are almost indispensable to children, as they are liable to contract the habit of stooping and shrugging their shoulders at school, causing them to grow narrow chested, and laying the foundation for consumption and lung diseases. Parents should bear this in mind, as wearing one of these Braces will alleviate the difficulty in a very short time.

Bangor, Aug. 26, 1858

GLEASON'S NEW WEEKLY [illegible]

THE object of this paper is to present every week, an agreeable *melange* of the notable events and literature of the time. Its ample columns will always contain a goodly store of popular Original Tales, Sketches of Adventure on Sea and Land, and Poetic Gems, by the

Best American Authors.

Also, the cream of domestic and foreign news so condensed as to present the largest possible amount of the intelligence of the day, the whole well spiced with

WIT AND HUMOR.

In politics, and upon all sectarian questions, it will be strictly neutral. Each edition will be

BEAUTIFULLY ILLUSTRATED

with accurate engravings, by eminent artists, of notable objects, current events in all parts of the world, and the national customs and social peculiarities of every people. It will contain, views of every important city, of scenes of note in the eastern and western hemispheres, of all the principal ships and steamers of the Navy and Merchant service with fine, accurate portraits of every great public character, male and female—sketches of pictures, rare scenery, representations of "life on the wave," and exact illustrations of admirable or curious specimens from the animal kingdom, will also be given. One great feature of

GLEASON'S

LINE-OF-BATTLE SHIP

will consist of a "chronicle" of Humorous engravings, executed by the best artists in the land, and aimed good naturedly and in a spirit of genial fun, at the reigning follies of the age, and such new public projects, fashions and occurrences, as shall seem to be fit subjects for comic illustration.

An unrivalled corps of Contributors

have been engaged, and every department will be conducted under the most efficient and perfect system that experience can suggest. This popular journal will be printed upon new satin surface paper from new and beautiful copper faced type, manufactured expressly for us, and will present in its mechanical execution the most acceptable evidence of the progress of American art. The size of the elegant supplement will be about 1500 square inches—eight superroyal quarto pages.

Terms $2 per Annum.

The first number of this new Illustrated Paper will be for sale on the 1st inst. of NOVEMBER next, at all the principal periodical and news agencies and respectable literary depots in the United States and the Canadas.

GLEASON'S

LINE-OF-BATTLE SHIP

will be published regularly every Saturday, at

Gleason's Publishing Hall,

Corner of Tremont and Bromfield streets, Boston, Mass., by

F. GLEASON.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets including transit of the Isthmus via Panama R R

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions on travelers those bound to California are cautioned to buy Tickets at the only authorized Agencies of the United States Mail Line as below

By order of the Post master General the United States Mail hereafter will be despatched from New York to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall and conveyed across to the Pacific Steamers *without any extra expense* This is the only line giving *through* Tickets, guaranteeing no detention on the Isthmus

Transit made in *four hours entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals

Arrangements have now been completed so that the regular U S Pacific Mail Steamer will leave her wharf in San Francisco immediately on arrival of the Atlantic Mails and passengers thus securing passage by the Mail Line a sure and *short* passage, with the greatest comfort and safety to health

☞ *Tickets must be paid by one of the Company's Agents before they will be received by the Agents of the Panama* and tickets thus signed can be obtained at the only *authorized Agents* in the U S and Pacific Mail Steamship Companies, in this city C L BARTLETT, Agent, No 13 Broad street, Boston

American & Foreign Patents.

R. E. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington under the Act of 1837

76 State St., opposite Kilby St., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain France and other foreign countries Caveats, Specifications Deeds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch Researches made in to American or Foreign works to determine the validity or utility of Patents or, Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington.

The Agency is not only the largest in New England but through it inventors have advantages for securing Patents, of such a character that the patentability of inventions cannot be passed by. If not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These besides his extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe, render him able beyond question, to offer superior facilities for obtaining Patents

All necessity of a journey to Washington, to procure a patent, and the usual great delay here are here saved inventors.

TESTIMONIALS

"I regard Mr Eddy as one of the *most capable and successful* practitioners with which I have had official intercourse. CHAS MASON,"

Late Commissioner of Patents.

"I have no hesitation in stating to inventors that they could not employ a person more capable and trustworthy and in every way competent to secure for them as early and favorable consideration at the Patent Office EDMUND BURKE,

Late Commissioner of Patents

Boston P Journy 8 1858

Mr R E Eddy has made for me THIRTEEN applications all but one of which have been granted and of that case pending. Such unmistakable proof of great liberality and ability in the conduct of business could not fail to secure their patronage they may be directed here. I cannot in this connection forbear comment on this case, and at very reasonable charges JOHN TAGGART

From Sept. 17 h, 1857, to June 17th 1858 the subscriber in course of his practice made seventeen rejected applications SIXTEEN APPEALS EVERY ONE of which was decided in his favor, by the Commissioner of Patents

LINCOLN'S

WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are clean wet, it is one of the greatest causes of colds and consumption? Is it a truth that when leather is often wet and dried it soon becomes hard, stiff, and cracks; but when it is water-proof this is prevented By the application of this preservative, it remains soft, and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned. It will not only make leather water proof, but likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet Tannery with my boots constantly in water, and have no had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

CHARLES RIGHT,

American Safety Paper Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. C Rice, 70 Wall-st

A Perfect Security against all manner of Frauds or Counterfeiting on Paper—To Prevent Photographs and Ambrotype Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by HENRY GLYNN, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr Kent, Assayer of the U S Mint Mr Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 258 Broadway, N Y. The latter say that an Imitation can be made on a check or bank note printed on the Safety Paper Below is our list of prices,

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$25 for 1000 sheets.
Promissory Notes—40 cts. per lb
Sight and Time Drafts—$20 for 1000 sheets
Insurance Policies—40 cts per lb.
Railroad Stocks and Bonds—40 cts per lb
Bank and State Stocks—40 cts per lb
Bonds and Mortgages—40 cts per lb
Wills and Deeds—40 cts per lb

For wrapping Silks and other fine articles it is excellent, as it prevents moths 40 cts a lb

For Indentures and Agreements, 40 cts a lb

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time

For Southern climates it is excellent, and much superior to any other; as the moistness of the climate does not destroy it,—the properties inserted in the pulp being a preventive In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, while the ells and other chemicals inserted in this paper makes it indestructible by the ravages of time It is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N J, of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No 70 Wall street, New York

Ayer's Pills

Are you suffering from any of the diseases of which they are a remedy? If so, why not try them? They are certainly the best purgative medicine that can be used in any case where a cathartic is required, and their virtues are so universally known and acknowledged, that we need not publish certificates of their cures in this locality. Those who want such can find them in the American Almanac, which the Agents below named will furnish gratis.

Prepared by Dr. J. C. AYER & CO.,

Ayer's Pills are so universally known to be the best purgative medicine that can be used in any case where a cathartic is required, and their virtues are so universally known and acknowledged, that we need not publish certificates of their cures in this locality. Those who want such can find them in the American Almanac, which the Agents below named will furnish gratis.

AS A FAMILY PHYSIC

From Dr. P. W. Cartwright, Jr.

"Your Pills are the prince of pills. Their qualities surpass any cathartic we possess, but very certain and powerful in the cures which makes them invaluable to me in my practice."

FOR JAUNDICE AND ALL DISEASES OF THE LIVER

From Dr. Theodore Bell,

"Not only are your Pills an excellent purgative as an aperient but they exert a specific power upon the Liver very much superior to any other remedy I have ever used, and in my practice have proved more effectual in curing diseases of that organ than any one or two remedies I possess. In fact we have at last found the remedy for which the profession and the people have been looking for ages."

DYSPEPSIA—INDIGESTION

From Dr. Henry J. Anderson,

"The Pills you were kind enough to send me have been used in my practice and in my family with astonishing success. They are admirably adapted to the purposes for which you recommend them, and in my hands have performed more speedy and perfect cures than any other pills I am acquainted with. In fact we have at last found the remedy for which the profession and the people have been looking for ages."

DYSENTERY—DIARRHŒA—BILIOUS DISORDERS

From Rev. P. Vinton Smith,

"Your Pills have been used in my family and found The cathartic effect is prompt and reliable in every case where a purgative is required, and the result very acceptable and quite astonishing for children."

INTERNAL OBSTRUCTION—WORMS

From Mrs. P. Vinton Smith,

"I find one or two large pills, taken at night, will relieve the most obstinate case of costiveness in children, when all other remedies we have ever used have failed."

CONSTIPATION—COSTIVENESS

From Dr. J. F. Hall,

"Two small pills taken after each meal relieve the most distressing case of Dyspepsia."

FOR HEADACHE—SICK HEADACHE—PILES—DROPSY—LIVER COMPLAINT—ERYSIPELAS

From Dr. Theodore Bell,

"Dear Dr. Ayer: I have used your Pills in my practice, and have found them the most effectual cathartic we possess. In fact, they have never failed to relieve the most distressing case of Piles, when taken in moderate doses, and followed up with a mild dose every day or two. They are also the best remedy we have for Dropsy, and for all diseases which require the use of a powerful but safe purgative. I have used your Pills in my practice for many years, and have never found their equal as a cathartic. They are the most perfect antidote for Liver Complaint, Dyspepsia, and Biliousness, with which I am acquainted, and I have used almost every pill before the public. Your Pills are the only pills I can conscientiously recommend to my patients, because I know their composition, and that they are what they are represented to be, and will do all that is claimed for them. Their sugar coating makes them pleasant to take, and renders them safe to keep in any climate. In short, they are perfection, as far as pills can be made. Yours, THEODORE BELL."

Ayer's Cherry Pectoral

Has long been considered the best remedy for Coughs, Colds, Consumption, and Throat and Lung complaints, that has ever been offered to the people. Its unparalleled success, its wonderful cures, its great variety of power over the various affections of the throat and lungs, are known to almost every man, woman and child in the land. There is no medicine that is so universally relied on by old and young, or that has saved so much suffering, or so many lives. Every family should have it as a protection against the dangerous attacks of throat and lung diseases which are incident to every climate. Consumption, Bronchitis, Croup, Coughs, Colds, Influenza, Whooping Cough, Hoarseness, Asthma, and Consumption, are cured by it with the certainty of a charm. Many of the most eminent physicians of the country have voluntarily given certificates of its virtues, and the clergy, who are the best informed of all men, frequently use it in their families, and recommend it to their parishioners. Indeed, it is the only medicine we can recommend with entire confidence to the public. Its composition is such that it will keep in any climate, and it may be taken by children or adults with safety. Those who have once used it will have no other, and those who have not tried it should not suffer another day to pass without giving it a trial. Prepared by Dr. J. C. AYER & CO., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. AND SOLD BY W. T. HAMMOND, Bangor; A. G. SNELL, Dover; Berry & Co., Foxcroft; B. S. Hayford & Co., Guilford; S. Ingraham, Dexter; E. N. THE LUXURY AND PROFIT OF

HONEY MAKING

☞Torrey's Bee Hive.

THE subscriber would call the attention of farmers and others to the Bee Hive, for which he has been appointed agent for the County of Penobscot, and taken the right to manufacture and sell the same. This Hive has been in use for several years, and has introduced at an easy rate Bees into many parts of the country where they were not known before. Bees have been kept in this Hive with entire success, and the result has been a large yield of honey, and a rapid increase of stock. Bees have been transported in this Hive from one part of the country to another, and have not left the Hive, but have gone to work in their new location as usual. The Hive is so constructed that the honey can be taken from it in the most convenient manner, and the Bees not injured in the least. The Hive is so constructed that the Bees can be fed in the most convenient manner, and the Bees not injured in the least. The Hive is so constructed that the Bees can be fed in the most convenient manner, and the Bees not injured in the least.

TERMS—Copies of Torrey's Bee Hive, $2 each. Territory for sale. Address, with stamps enclosed, to be directed to
